## SUMMARY

"I am a recent post graduate with a strong foundation in Java programming, backend development, and frameworks like Hibernate and Spring Boot. I am eager to start my career as a Java Developer, where I can apply my skills in Servlets, JSP, MySQL, and build scalable applications. I am looking for an opportunity in a growing company where I can enhance my skills and contribute to real-world projects."

## KEY COMPETENCIES

Programming Language  
Critical thinking skills  
Strong Interpersonal skills  
Proactive and self-motivated  
Exception organisational skills

## WORK EXPERIENCE

### Codenera Pvt Ltd

Nov 2024 -

- Designation** : Trainee
- Training skills** : Core java,HTML,CSS,SQL,JDBC,Servlet and JSP
- Other Technologies** : Spring,Hibernate
- Description** : Complete 6-month java trainig,excelling in core concepts,software developments and collaborative projects

## EDUCATION

- MCA  
Nov 2022 - Nov 2024
- Bsc. Computer Science  
Jun 2019 - May 2022
- 12th  
2018
- 10th  
2016

## TECHNICAL SKILL

- Programming languages : Core Java
- Technologies : HTML,CSS,Bootstrap,JSP,Servlet,Hibernate,SpringBoot
- Database Tools : MySQL,JDBC
- IDE : Eclipse,VS Code
- Operating System : Windows

## CERTIFICATION COURSE

- C language - Maharashtra Business Training Board
- Core-Java - FUEL institute Pune

## EXTRA CURRICULAM

- volunteerBlood Donation Camp

## LANGUAGES

- English
- Hindi
- Marathi

## TECHNICAL SKILL

### Property Rental System

PropertyRentalSystem

- Developed a web-based platform for listing and renting residential properties
- Enabled users to search for properties, view detailed listings, and submit rental applications.
- Implemented core features using Spring MVC for structured request handling and Hibernate for ORM-based database operations.
- Designed responsive JSP pages for user interaction and integrated with a MySQL database for storing property and user data.

### Student Management System

StudentManagementSystem

- Developed a Java-based web application using Servlets, JSP, and MySQL with separate panels for Admin and Student roles.
- Implemented CRUD functionality for student management, allowing admins to add, update, and delete student data.
- Designed a responsive student dashboard to display academic progress, skill growth, and extracurricular activities.
- Integrated JDBC for database connectivity and used session management for secure user login and role-based access.
